

## Château SAINT PIERRE 2010

### ST JULIEN - 4EME CRU CLASSE

#### OVERVIEW

The viticultural history of this domain, one of the most ancient of the Médoc, dates back to the 17th century. From 1693, archives attested the existence of a viticultural property called "Serançan", belonging to the Marquis of Cheverry. Further to an inheritance, the vineyard was split in two. It was not yet excluded from the 1855 classification, where the domain appears on the top of the Fourth Classified Growths. Henri Martin began the work of bringing it back to life and integrity, by reassembling progressively the various elements that originally composed the domain. as he has been known to tell the story humorously; "It has taken 60 years to go the 100 metres separating Gloria from Saint-Pierre!".
