VINEYARD

- **Soil type** : located at the mid-slope, complex soils, composed of limestone screes of sand from the top of the hillside, and clay
- **Area** : 0.86 ha
- **Density** 10 000 vines / ha
- **Average age of the vines**
- **Harvest** : 100% handpicked
- **Harvest date** : 26/08/2020
- **Yield** : 14 hL / ha

CHARACTERISTICS

- **Aged in barrels** : 30 % new barrels
- **Wine aging** : 15 month
- **Alcohol content** : 15 %
- **Type of winemaking** : Vinification in concrete vats for 18 days
- **Descriptif** : Halfway between Premeaux and Nuits Saint Georges, **les Saint Georges** is undoubtedly the most well-known vintage of the commune.

Ideally located flush with the hillside, with an eastern exposition, the vine blossoms on a large range of soils. **Les Saint Georges** are complex and elegant wines, marked by the fruit purity, the subtlety of the tannins, and the nobility of the cru.

A file is in progress to request its classification as a **Grand Cru**.

A few words about the vintage:

Atypical vintage marked by a historical precocity and a very good health of the harvest. Despite the hail of August 1st which caused more than 30% loss on the south of the appellation.
