VINEYARD CHARACTERISTICS:

In Bourgogne the term 'murger' refers to stones removed from the ground and placed on the edge of vineyard plots where there is little soil; their presence is a distinctive characteristic in the region. The name 'Clos du Murger' is officially registered as a trademark. This enclosed area, totally surrounded by walls more than 2 meters high, has given its name to the village square that adjoins it.

VINIFICATION AND AWARDS:

Facing southwest, the 1 ha 65 ares 65 centiares of Meursault were planted in 1971. They produce approximately 9,300 bottles annually (average over 20 years). A selection of lightly seasoned French oak barrels imparts aromatic nuances to this high-class Meursault. It has won numerous distinctions at the Concours Général Agricole de Paris, the Vinalies Internationales and the Concours des Vignerons Indépendants.
